JOYO ELECTRIC APPLIANCE MFG.LTD.

Brief Introduction

JOYO Enterprise is one of key enterprises in Ningbo City that engage in export of small electric household appliances. It is located in Xinpu Industrial Development Zone in Cixi. The Company professionally produces electric fans, electric heaters and other series of electric household appliances. Most of the products have passed GS, CE, EMC and TUV certifications. These products sell far to nearly 30 countries and regions in Europe, America and Asia. The Company has strong product development capability and mould manufacturing technology, and its products have stable quality and reasonable prices, and thus are well received by domestic and foreign customers.

The Company has passed ISO9001 quality management system certification in 2002, and all the employees unite and work with joint efforts on the principle of "Surviving by Quality and Developing by Innovations", and make the Company to keep healthy and rapid development for several consecutive years. JOYO brand electric products have outstanding cost performance ratio, and customers can use them with safety.

WIND SOFT

SOFT AND SAFETY BLADE

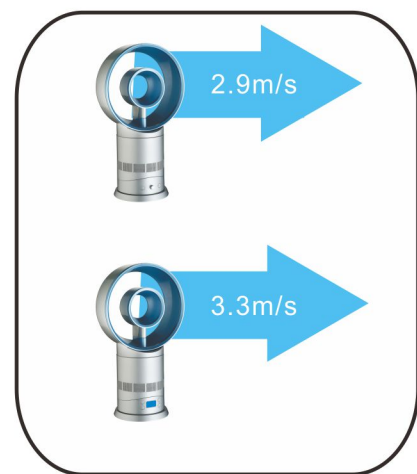

SPECIAL FOR BABY

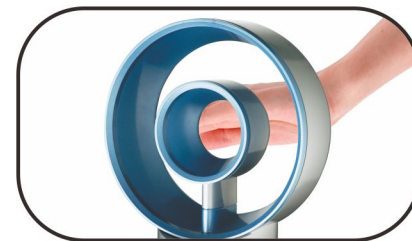

OUTSIDE FOR 2 HOURS

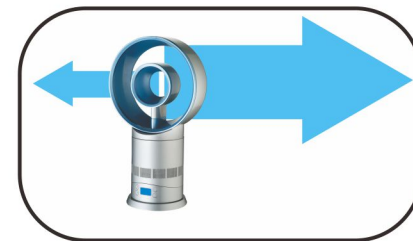

Joyo circle fans work differently from conventional fans. They use circle technology to draw in air and amplify it-from 15 to 18 times, depending on the model. With no blades or grille, they are safe and easy to clean. And they produce an uninterrupted stream of smooth air, with no unpleasant buffeting.

Air multiplier technology
An annular jet draws in surrounding air, multiplying it 15 times.

Safe
No fast-spinning blades.

Two-way airflow
The new design fan can accelerate the air circulation by drawing in surrounding air from both sides, with no unpleasant buffeting.

S25-01
